Accreditation Agreements for Reporters and Journalists

§ 1 I am aware of the risks generally arising out of speed competitions and special stages with automobiles and motorcycles and it is known to me that I especially jeopardize myself or put myself in danger, possibly in mortal danger, if I leave the allocated or designated spaces, if I do not adhere to the regulations and prohibitions and if I do not follow the instructions and directives.

§ 2 I commit myself to unconditionally and immediately following the instructions and directives issued by the organizer and his representatives, authorities and police (be it in writing, verbally or visually). It is known to me that staying in front of the track boundaries (crash barriers, concrete blocks etc.), restricted areas and safety zones as well as in apparent danger zones is strictly prohibited. I commit myself to not entering these areas as well as any other areas other than the ones allocated or designated under any circumstance. The areas explicitly designated as spaces for reporters and journalists are marked on the track outline, provided that there is such. I will look at it at the respective events. Spectator places marked as such are also regarded as explicitly allocated and designated spaces.

§ 3 It is known to me that breaching my obligations stipulated in points 1 and 2 will result in the revocation of my press ticket and in the expulsion from the event and the event premises respectively.

§ 4 It is known to me that using tv or video cameras requires a permission in writing from the organizer. The unlawful usage of tv and video cameras will result in the immediate revocation of the press card and in the expulsion from the event and the event premises respectively. If the rights owner asserts liability claims arising out of violating film and tv rights, I will have to assume liability for it.
